F&G Secure LandingSM Fixed Indexed Annuity has your clients covered

Return of premium (ROP) and minimum interest credit (MIC) features help provide even more protection

That means regardless of any index performance struggles, the Secure LandingSM fixed indexed annuity protects clients three ways:

Zero is your hero – Your clients will never lose value due to market downturns. From an index loss of one penny to a 100% loss, their premium and any prior credited interest is locked in and 100% protected.

Access to money – Thanks to the return of premium (ROP) feature, clients can get their original premium back (less withdrawals) penalty-free any time for any reason.

An impressive guaranteed return – Due to the minimum interest credit (MIC)¹ feature, at the end of a 5- or 7-year surrender period, your client’s account value (AV) is guaranteed to be raised to a minimum of a 20% gain. Any interest credits beyond that are the client’s to keep. Plus, your client is always assured the greater of minimum AV and ROP.

Here’s how these features protect your clients over time

	Contract anniversary	Account value	ROP
F&G Secure Landing 5 surrender schedule	1	\$99,600	\$100,000
	2	\$99,202	\$100,000
	3	\$98,805	\$100,000
	4	\$98,410	\$100,000
	5	\$120,000	\$100,000

Assumes \$100,000 initial premium and 0% hypothetical index credit growth. The MIC is subject to change and may be different for new policies issued. Refer to the Secure Landing rate sheet for current MIC rates. Current MIC is 20%. A 0.40% fee is divided by 12 and taken from the AV each month.
