

# Up to 15% premium bonus<sup>1</sup>

Across the industry, accumulation stories seem to be making a comeback. Premium bonuses can be a great way to help clients:

Recoup  
market losses

Secure a gain that they know  
upfront will be there in the future

Pass along a potentially  
larger death benefit

The Performance Pro<sup>®</sup> 10 fixed indexed annuity (FIA) from F&G is better than ever. It offers:

- Protected growth your way, including a premium bonus of up to 15%
- Diversification through multiple uncapped<sup>2</sup> strategies
- A strong, fixed growth option

## Why Performance Pro?

Typically, FIAs offering a premium bonus cover the cost by **charging a more sizable fee** or **reducing credited interest rates**. Instead, Performance Pro's:

- **Bonus remains strong**  
Topping out at 15%, it remains one of the top premium bonuses in the industry for a 10-year income product.
- **Interest crediting rates were unaffected**  
As a performance-based income product, your clients can benefit from income base growth.
- **Low income fee**  
Our fee is just 10 basis points - helping the client keep more of their bonus.

It provides you a simple, compelling story:

Bonus accumulation

Low-fee guaranteed income

"F&G" is the marketing name for Fidelity & Guaranty Life Insurance Company issuing insurance in the United States outside of New York. Life insurance and annuities issued by Fidelity & Guaranty Life Insurance Company, Des Moines, IA.

This is a fixed deferred indexed annuity providing minimum guaranteed surrender values. You should understand how the minimum guaranteed surrender values are determined and the product features used to determine the values. Even though contract values may be affected by external indexes, the contract annuity is not an investment in the stock market and does not participate in any stock, bond or equity investments.

Interest rates subject to change at insurer's discretion and are effective annual rates.

The provisions, riders and optional additional features of this product have limitations and restrictions, may have additional charges and may not be available in all states

An additional bonus interest rate is paid on this contract. Annuities that offer bonus interest features may have higher fees and charges, longer surrender charge periods, lower credited interest rates and/or lower cap rates than annuities that do not provide the bonus feature.
